

Islamic Finance Standardization Is it a Mirage?

The growth and transformation of Islamic finance has been scrutinized from various perspectives, both before and after the global financial crisis. Standardization of the regulatory and supervisory framework of Islamic finance has its own pros and cons for industry stakeholders such as the regulators, policy-makers, and Islamic legal experts. The lecture will explore these areas in light of the new regulatory architecture being developed in the post-crisis banking industry.

Venue Wolfson Theatre – New Academic Bldg.
